

Please Do Not Put Off Your Gift Buying

until the last moments. For too many regrets are wrapped up with last moment purchases, hurriedly chosen.

YOU want YOUR gifts to be LASTING remembrances of the sentiment that prompts them, and cherished by the evidences of care given to the selection.

YOU know how YOU appreciate the gifts that are "just what you want," and gifts hurriedly or thoughtlessly chosen seldom have that distinction.

A gift from our stock is sure to be just what HE wants and he'll be appreciative of the good judgment and kindly thoughts that led you to select it at a man's store.

OVERCOATS!

You are insistent upon style fit and comfort, and who wants an overcoat that isn't just as warm and comfortable as an overcoat can be made? We certainly don't want you to buy a coat here that you won't take solid comfort in. We want you to feel satisfied every moment you wear it—and we want you to look your best, too.

Another thing that's notable about our coats is their quality. You'll be surprised at the months of wear they'll render. They just wear, and wear and wear, and every week's additional wear they give makes the real cost just so much less.

WATERSHED OF 36 MILES WILL BE DEVELOPED

Hydraulic Co.'s Work In Saugatuck Valley Will Increase Resources.

Development of 36 miles of watershed in the Saugatuck valley is planned by the Bridgeport Hydraulic Co. because of the tremendous growth of Bridgeport.

During the last year the total daily consumption of the company's water has jumped from 21,000,000 gallons to nearly 30,000,000. Next year the company will have used between 12,000,000 and 15,000,000 gallons of water daily from the Hemlock system alone.

The construction of the Hemlock reservoir was done with the expectation that the Saugatuck valley was capable of development, in connection with the Saugatuck valley, which is now in use. These works will give 4,000,000 gallons daily from the Hemlock reservoir alone.

At the time operations were commenced on the new dam it was hardly thought that the additional storage would be needed for some little time, although it was deemed advisable to be prepared to meet any emergency. The great dam had scarcely been completed before it was seen that Bridgeport would be ready to accept its service as soon as the water was available.

Fitzgerald's sister died in Holyoke Wednesday and Mrs. Hearne of 32 Temple street, Springfield, has asked the police to find her brother, who was an only son. Fitzgerald is 45 years of age, six feet tall, and has gray hair. He is a member of the Bricklayers' union of Holyoke.
